Zombicide Box Organizer

By R&H Firefly Workshops

*Tip - Fully assemble each step to ensure a proper fit and location of every piece. All separators and dividers will be flush on the top when properly installed.

Once each step is assembled correctly, disassemble and reassemble while adding a small drop of super glue to every intersection where the parts slide together. Wipe all extra super glue off of the outside edges with a clean rag.

Step 1: Separate all of the pieces from their frames.

Step 2: Assemble as both of the slotted dividers as shown. Repeat this step 2 times.

Set aside untill Step 4.
